

DOC 4.29

Farm Name _____

Date _____

Annual Assessment of Wild and Domestic Animal Activity

Based on previous production year, assess the occurrences of wildlife and animal activity on the farm.

What types of wildlife were observed and documented?

What measures were taken to deter them? Evaluate them as to effectiveness.

Most effective:

Least effective:

Did you have to quarantine any areas in production fields?

Did you have any domestic animal problems or issues?

What measures were taken to deter them?

Are there plans to introduce new methods or deterrents? If so, what do you plan to do?
