Title: **Policy for Using Gleaners During Harvest Operations**

Effective Date: _____

Reviewed by: _____ GAP Coordinator, Date: _____

1. Gleaners are to be defined as a voluntary seasonal workforce allowed to harvest produce for distribution to local food banks or pantries.
2. Since this group is considered a part of the harvest crew, they will be trained in worker sanitation and worker protection as all other workers who handle food product at the farm and shall be expected to abide by the farm's food safety rules.
3. They will be required to sign a worker training log (3.01) after having been trained by the food safety coordinator.
4. Training shall consist of the use of training video presentation or the use of the oral checklist (2.32).
5. Farm and worker liability shall be defined under the Good Samaritan Food Donation Act of 1996 (United States Code, Title 42, Chapter 13A, SS 1791).
